Strengths — What did this member do particularly well?

Ensured project quality by reviewing outputs, identifying issues, and maintaining documentation for better project organization.

Areas for Improvement — What could they have done better or differently?

Could provide earlier feedback during development stages to catch issues before final review.

OVERALL TEAM REFLECTION

In 2–4 sentences: How would you describe the team's overall collaboration? What was the biggest challenge you faced together, and how did the group handle it?

Our team collaborated by dividing tasks according to each member's role and contributing to different aspects of the project. The main challenge was coordinating work across multiple responsibilities while meeting deadlines. We handled this by communicating updates, clarifying tasks, and supporting each other when needed.
