----------	-------------------	------------------	----------	---------------

#	Criterion	What to Assess	1	2	3	4	5
1	Quality of Deliverables	Were their role deliverables (docs, code, wireframes, etc.) complete, accurate, and meeting project standards?					☐
2	Contribution to Team	Did they actively contribute to team discussions, decisions, and shared tasks beyond just their own role?					☐
3	Reliability & Deadlines	Did they consistently meet deadlines and complete tasks on time without needing reminders?					☐
4	Communication	Did they communicate blockers, progress, and questions clearly during standups and in team channels?					☐
5	Technical / Role Competence	Did they demonstrate understanding of their role's responsibilities and the skills required?					☐
6	GitHub Participation	Did they commit regularly, write descriptive commit messages, and participate in PRs and Issues?					☐

#	Criterion	What to Assess	1	2	3	4	5
7	Collaboration & Teamwork	<i>Were they respectful, open to feedback, and supportive of other members' work?</i>					○
TOTAL SCORE (max 35):							35

Strengths — What did this member do particularly well?

Nheo did a perfect job doing his tasks and meeting the timeline, communication wasn't that hard and always reliable.

Areas for Improvement — What could they have done better or differently?

Did perfectly fine, I have no complaints.

MEMBER 2 BEING EVALUATED

Full Name:	John Pete P. Casapao	GitHub:	@jpcasapao

7	Collaboration & Teamwork	<i>Were they respectful, open to feedback, and supportive of other members' work?</i>					○
TOTAL SCORE (max 35):							31

Strengths — What did this member do particularly well?

JP did alright on his part, always asking what needs to be done, and if what he's currently working on is right, communication wasn't that difficult.

Areas for Improvement — What could they have done better or differently?

He could use a bit of polishing when it comes to his deliverables, as they were a bit lacking sometimes

MEMBER 3 BEING EVALUATED

Full Name:	Anthon Van B. Calban	GitHub:	@anthoncalban

TOTAL SCORE (max 35):							35

Strengths — What did this member do particularly well?

No need to tell him much about what he needs to do, once I issue a task, he's on it and finishes his work early.

Areas for Improvement — What could they have done better or differently?

No complaints.

MEMBER 4 BEING EVALUATED

Full Name:	Kim G. Moguer	GitHub:	Kimmoguer
Role:	QA / Docs Lead

TOTAL SCORE (max 35):							21

Strengths — What did this member do particularly well?

He did okay for in the pre sprint meeting the issues and deadlines assigned to him.

Areas for Improvement — What could they have done better or differently?

After the pre-sprint technical issues, and schedule conflicts arise resulting in other members covering for his part but has the potential to make good work, he made up for it at the end doing his deliverables.

OVERALL TEAM REFLECTION

In 2–4 sentences: How would you describe the team's overall collaboration? What was the biggest challenge you faced together, and how did the group handle it?

The team did fine, would be much smoother if all members were able to do their tasks on time but in the end it all worked out. It was a good learning experience collaborating with them.
