

USER GUIDE

Student Mental Health & Wellness Tracker

<https://smhwt.vercel.app>

Maintained by @kimmoguer | QA / Docs Lead | S5-QA-02

 *All journal entries, mood logs, and wellness goals are private to your account only. Peer stories are submitted and displayed anonymously — your name and account are never shown.*

1. Registration

Create your account to start using the tracker.

1. Go to the live app: <https://smhwt.vercel.app>
2. Click Get Started or Sign Up.
3. Fill out the required fields: your name, a valid email address, and a password.
4. Click Create Account.
5. Open your email inbox and click the confirmation link sent to your address to verify your account.
6. Once your email is confirmed, wait for an Admin to approve and activate your account before you can log in.

 *You must complete BOTH steps — email confirmation AND admin activation — before your account is accessible.*

2. Login & Login Guard Behavior

Logging In

7. Go to <https://smhwt.vercel.app> and click Log In.
8. Enter your registered email and password.
9. Click Sign In.
10. Once authenticated, you will be redirected to your Dashboard.

Login Guard Behavior

If you attempt to navigate directly to any protected page (e.g., /dashboard, /entries) while not logged in, the app will automatically redirect you back to the Login page. No data is accessible without an active session.

Known Restriction

Attempting to log in with a neu.edu.ph institutional email will result in an **"Email not confirmed"** error. Use a personal email address (e.g., Gmail) when registering.

3. Dashboard Overview

The Dashboard is your home screen after logging in. It summarizes your wellness activity at a glance.

What you will see:

- A greeting with your display name
- Your current mood streak — how many consecutive days you have logged a mood entry
- A mood trend visual showing your recent scores
- Your recent journal entries
- Your active wellness goals
- A Browse Resources widget with a View all → link to the full Resource Library
- Quick navigation to all features via the bottom navigation bar

4. Mood Tracker

Log your daily mood with a score, contextual wellness fields, and an optional note.

11. From the Dashboard or bottom navigation, navigate to the Mood Tracker.
12. Select today's Date.
13. Use the slider or selector to Rate how you are feeling today on a scale of 1–10.
14. Use the fine-tune score control to adjust your rating more precisely if needed.
15. (Optional) Add a short Note about how you are feeling.
16. Select your Sleep Quality for the day.
17. Select the Academic Impact — how much your mental state affected your academic work today.
18. Select any relevant Stressors from the tag list to identify what is affecting you.
19. Select your Coping Response — what you did to manage your stress or mood.
20. Click Save Mood Log.

💡 You can submit one mood entry per day. Submitting again on the same day will update your existing entry.

5. Entries — Journal & Reflection

Write longer reflections and tag them with stressors and coping responses for easier retrieval later.

Creating an Entry

21. Tap Entries in the bottom navigation bar.
22. Click New Entry or the add/compose button.
23. Enter a Title for your journal entry.
24. Write your reflection in the body text area.
25. Under Tags, select relevant Stressors — the things that were affecting you.
26. Select relevant Coping Responses — how you responded to those stressors.
27. Click Save Journal Entry.

Viewing Past Entries

- All entries appear in reverse chronological order on the Entries page.
- Click any entry to open and read it in full.

- Entries are searchable by keyword or tag using the Search feature.

6. Goals — Wellness Goals

Set personal wellness goals and track your progress toward completing them.

Creating a Goal

28. Tap Goals in the bottom navigation bar.
29. Click Set a New Goal or the add button.
30. In the field “What do you want to work toward?”, type your goal description.
31. Set a Target Date if applicable.

32. Click Save Goal. The goal will be created with Active status.

Updating a Goal

- 33. On the Goals page, find the goal you want to update.
- 34. Click the goal to open it.
- 35. Choose the new status: Mark as Completed (goal achieved) or Abandon (no longer pursuing).

Goal Statuses

Status	Meaning
Active	Goal is in progress
Completed	Goal was successfully achieved
Abandoned	Goal was removed without completion

7. Resources — Resource Library

Browse a curated library of mental health articles and tools, filterable by topic tag.

Accessing Resources

- Tap Dashboard and click the Browse Resources → View all link, OR
- Navigate to Resources through the app menu.

Steps

36. On the Resources page, all available resources are listed under “5 Resources”.

37. Use the Filter by Topic tag bar at the top to narrow results by clicking any tag.
38. Click All to clear the filter and restore the full list.
39. Click any resource title to open the article in a new browser tab (indicated by the external link icon ↗).

Available Topic Tags

[#Acceptance](#) [#ActiveCoping](#) [#AdministrativeProcesses](#) [#Denial](#) [#Disengagement](#) [#EmotionalSupport](#)
[#EvaluationStage](#) [#Humor](#) [#InformationOverload](#) [#InstrumentalSupport](#) [#InternetAddiction](#)
[#InterpersonalRelationships](#) [#Isolation](#) [#PeerStress](#) [#Perfectionism](#) [#PerformanceAnxiety](#) [#Planning](#)
[#PositiveReframing](#) [#ResultsStress](#) [#SelfDistraction](#) [#SelfExpectation](#) [#TeacherStress](#) [#TestStress](#)
[#TimeManagement](#) [#TransitionAdaptation](#) [#Venting](#) [#WorkOverload](#)

Current Resources

Title	Tags
I'm So Stressed Out! Fact Sheet (NIH)	#ActiveCoping #Planning #WorkOverload

8. Search

Search your journal entries and the resource library by keyword or by tag.

Searching by Keyword

40. Tap Search in the bottom navigation bar.
41. Click the search bar at the top (placeholder: “Search journal entries and resources…”).
42. Type a keyword (e.g., anxiety, sleep, perfectionism).
43. Press Enter. Results will appear below showing matching journal entries and resources.

Searching by Tag

44. Tap Search in the bottom navigation bar.
45. Instead of typing a keyword, scroll to the Filter by Tag section below the search bar.
46. Click any tag to filter results by that topic (e.g., #TestStress, #ActiveCoping).
47. Matching results will load automatically.

 *You can use either the keyword search bar or the tag filters — or both together to narrow results further.*

 *Only your own journal entries appear in search results. Other users' data is never visible.*

Empty State:

If no keyword has been entered and no tag is selected, the page displays: “Enter a keyword or select tags to search.”

9. Stories — Peer Support Stories

Read anonymous stories from other students and share your own experience. The page header displays as “Peer Stories” and contains two tabs: Browse Stories and Share a Story.

Browsing Stories

48. Tap Stories in the bottom navigation bar.
49. The page opens on the Browse Stories tab by default.
50. A banner confirms: “All stories are shared anonymously. No personal information is ever shown.”

51. All stories display with the label Anonymous — no usernames or account details are ever shown.

52. Use Filter by Tag to narrow the feed by topic:

- Shared Experience: #GettingBetter #MyStory #StillStruggling #WhatHelpedMe
- Peer Advice: #AskingForAdvice #ResourceTip #TryThis #WhatWorkedForMe
- Resource Sharing: #ArticleShare #ToolRecommendation
- Community Support: #CheckingIn #YouAreNotAlone

53. Click All to clear any active tag filter and show all approved stories.

54. Use the Newest sort dropdown (top right of stories list) to change display order.

55. Click Read more on any story card to expand and read the full story text.

Sharing a Story

56. On the Stories page, click the Share a Story tab.
57. Read the anonymity notice: “Your story is completely anonymous. Your name and account are never shown — not to other users, not in the feed. Stories are reviewed before publishing.”
58. Enter a Title in the Title field (“Give your story a short title…”).
59. Write your story in the Your Story body field.
60. (Optional) Select one or more Tags grouped by category:
 - Shared Experience: #MyStory #WhatHelpedMe #StillStruggling #GettingBetter
 - Peer Advice: #TryThis #WhatWorkedForMe #ResourceTip #AskingForAdvice
 - Resource Sharing: #ArticleShare #ToolRecommendation
 - Community Support: #YouAreNotAlone #CheckingIn
61. Click the Share your story button.
62. Your story enters the admin review queue and will appear in the public feed only after an admin approves it.

 *Anonymity guarantee: Your name, email, and account are never stored with your submission. Only the story content and selected tags are saved to the database.*

10. Profile & Settings

Update your display name, change your password, or manage your account session.

Accessing your Profile

Click your avatar (circle with your initial) in the top-right corner of the app.

Account Info

The top of the Profile page displays your current email address and the date you joined.

Updating your Display Name

63. Under the Display Name section, click the display name field.
64. Type your new display name (maximum 32 characters).
65. Click Save changes (blue button).

 *Your display name is shown on your Dashboard greeting. It can be different from your login email.*

Updating your Password

66. Under the Password section, enter your New Password (minimum 8 characters).
67. Re-enter the same password in the Confirm Password field.
68. Click Update password (blue button).

Signing Out

69. Under the Session section, click Sign out.
70. Your session will be cleared and you will be redirected to the Login page.

Requesting Account Deletion

71. Under the Danger Zone section (red warning area at the bottom), click Request account deletion.
72. Follow the confirmation prompt.

 *Account deletion is permanent and cannot be undone. All your mood logs, journal entries, goals, and account data will be removed.*

The screenshot displays the 'Profile' page of the app. At the top, the title 'Profile' is centered. Below it is a circular profile picture placeholder with the letter 'T'. The username 'tadashi.shing' and email 'tadashi.shing@gmail.com' are listed. The 'ACCOUNT INFO' section contains fields for 'Email' (tadashi.shing@gmail.com) and 'Joined' (May 2026). The 'DISPLAY NAME' section shows the current name 'tadashi.shing' with a note 'Shown on your dashboard greeting. Max 32 characters.' and a 'Save changes' button. The 'PASSWORD' section has fields for 'NEW PASSWORD' (with a hint 'At least 8 characters') and 'CONFIRM PASSWORD' (with a hint 'Repeat your new password'), followed by an 'Update password' button. The 'SESSION' section features a 'Sign out' button. The 'DANGER ZONE' section contains a 'Request account deletion' button. A bottom navigation bar includes icons and labels for 'Dashboard', 'Entries', 'Stories', 'Goals', and 'Search'.

Note — Admin Panel: The app includes an Admin Panel for approving and managing Peer Support Stories. This section is accessible to admin accounts only and is not covered in this User Guide.
